(1935) Department.

SERIES.

G.O. No. 624

DATED 10 1935

[Despatch Abstract.]

Establishment - Medical Institutions - Rural (Subsidised) South Kanara District - Dispensaries of Western Medicine - Medical and non-medical staff - Fixing the strength - Papers recorded with remarks.

South Kanara Dt.

Extract from letter No.2185-1 Hospitals/1934. dated 6th December 1934 -- from the Surgeon-General with the Government of Madras.

*** *** ***

Subsidised rural dispensaries.

The daily average attendance at the subsidised rural dispensaries at Adur and Kunjal appears to be poor. The question is whether it is worth while continuing these dispensaries and whether they may not be abolished.

M.G.R with 14 Memoranda

17/12/34

Statement forwarded with letter C 1165-1/34 from the 20.11.34 P.G. B.S. Kamath

A4-34

C.No.52223 From the President, District Board, South Kanara No. 11625 & 20.11.34

Endorsement of the Surgeon-General No.2185-1 Hos./34 dated 6-12-34.

Subject:- Establishment - Medical Institutions - Rural (Subsidised) - South Kanara District - Dispensaries of Western Medicine - Medical and non-medical staff - fixing the strength.

A statement showing the strength of the staff in the rural dispensaries of Western medicine in the South Kanara District is put up at flag (K). It will be seen therefrom that no extra staff over and above the medical practitioner and midwife has been employed in the rural dispensaries in this district. In one dispensary not even a midwife is employed.

2. The Surgeon-General says that the daily average attendance at the subsidized rural dispensaries at Adur and Kunjal appears to be poor. He raises the question whether it is worthwhile continuing these dispensaries and whether they may not be abolished. In 1932, the Surgeon-General reported that the nineteen rural dispensaries mentioned by him in Leave D.O. on page 2 of G.O.No.300 P.H. dated 9-2-33 were having a daily average attendance of less than 12 and recommended that they might be closed. The Government accepted the recommendation and ordered in G.O.No.300 P.H. dated 9-2-33 that these dispensaries should be closed and that subsidies for them would be discontinued from 9-9-33. The presidents of Taluk Boards concerned were requested to select suitable places in consultation with the D.M.Os for the opening of new dispensaries in lieu of the nineteen dispensaries referred to above and to submit proposals through the Surgeon-General. As the attendance in the two dispensaries now referred to by the Surgeon-General is over 12 it is

for consideration whether the South Kanara District Board should be asked to consider the question of closing the dispensaries at Adur and Kunjal after giving the necessary notice to the medical practitioner and submit proposals through the D.M.O. and the Surgeon-General for the opening of two rural dispensaries in other villages in lieu of the two dispensaries at Adur and Kunjal.

B 21.12.32. The average attendance at Kunjal was 13.16 and at Adur it was 15.30 — not much above the average of 12 suggested by the S.G in 1932. The dispensaries may be closed and ~~the~~ proposals for opening two new dispensaries called for. There seems to be no need to consult the S.G again with reference to the limit suggested by him in 1932.

25/12

J.S. The attendance ~~is~~ when the limit was accepted in 1933 is any case. We may draw attention of the D.M.O. to the low average attendance at these dispensaries and ask them for their views whether the present arrangements for these dispensaries should be continued.
